The USDA Foods Ordering Form is Now Available Online For School Year 2010-2011

Please read the following before entering your USDA Foods order.

During School Year 2010 the USDA did not meet the requirement that 12 percent of all reimbursements must be in the form of USDA Foods. To meet the requirement, an additional \$.0250 has been added to the per meal value of USDA Foods for School Year 2011. Entitlement for each participating sponsor has been updated to reflect the increase.

The original orders have been locked. View your original order to note changes that may have been made. See USDA Food Order Instructions.
